CHR is looking for a few good homes!

Interested in becoming a foster caregiver or adopting an available Curly Horse? Know someone who is? Let us know. We can provide you with a foster care or adoption application. We also need people who are willing to be on standby for when a need arises. If you have some extra room at your place and a lot of love in your heart, volunteering to be a foster caregiver might be for you. Contact us through the website at www.curlyrescue.com for more information on how you can become a foster or adoptive home.

Articles are being received for this newsletter. If you have a story about a Curly Horse that you adopted, fostered, or are fostering, please submit it to chrworklist@gmail.com, subject line: Newsletter. Thank you!

Update on CHR Horses:

Argo:

Argo is still in foster care and is ready for adoption. He's a wonderful horse that has plenty of potential. Argo is a Curly gelding approximately 10 years of age that CHR pulled from a broker lot in Pennsylvania that ships to slaughter on April 23, 2010. His adoption fee is \$700. Argo is currently being fostered in Kansas.

Bailey:

RBF Hot Chocolate CHR a/k/a Bailey is registered with ICHO. Bailey is a 7 yr old, smooth curly. He is sired by Midas, out of Bittersweet, bred in North Dakota. Bailey had some training and pain issues when he first arrived. He had some chiropractic problems that have been corrected, and he is now doing well under saddle. Bailey is being fostered in Maine. Bailey's adoption fee has been set at \$700. Contact us if you are interested in Bailey.

Bella:

Bella came to us on February 20, 2011 as an owner surrender. She is somewhere around 18—20 years old, and had been a show horse, winning many blue ribbons for her owner. Her owner is now elderly and cannot take care of Bella due to Alzheimer's so Bella was sent to a rescue; but the other horses would not accept her, so she was turned over to CHR. Bella is doing well in her foster home. Her papers were discarded before she came to us, and we are trying to find out any information about her registration and pedigree. If anyone recognizes Bella and can give us information about her pedigree, please send us an e-mail at chrworklist@gmail.com.

The Kansas 5:

CHR would like to introduce Sam, Cinder, T Bar, Twotwo and Woody. The Kansas 5 came to us in March during our annual meeting of members. They ran on 120 acres and were not handled much but they are beginning to become friendly. They all seem to be relatively young horses. Cinder and Woody are probably the oldest, with Cinder being foaled in 2004. They are also the most standoffish. The horses are putting on more weight and are beginning to fill out and look very nice. We will continue to update you with their progress, and will let everyone know when they will be ready for adoption.

Owner Assistance

“Molly” Ready Set Go: Please make an offer

Molly is registered ABC HB 329 and ICHO/NACHR #7-D. She was foaled in May of 1998, and stands approximately 15.1 hh. She has solid English training and is well suited to Hunter/Jumper novice levels. She does need some refresher training. Molly has a sweet personality and takes correction well. She is willing to please. Her Pedigree is located at the Curly Horse Pedigree Database. <http://www.curlyhorses.info/>

“Guy” Go Taddy Go: Free to good home.

ICHO/NACHR #259-D Foaled June 2001 Gelding Chestnut, with heart shaped snip and strip. Approximately 14.3 hh Only basic training when younger, should be restarted. Cool, clever fellow. Dominate personality. Needs a firm but fair hand. Not for beginners. His Pedigree is located at the Curly Horse Pedigree Database. <http://www.curlyhorses.info/>

Please contact Tina Estridge at 937-689-4866; t.r.estridge@gmail.com for more information. The Horses are located in South Dakota.

Lily:

Dam: Oakesmuir Eramosa; Sire: Pinto Pete. Foaled August 7th, 2007 Lily is a straight haired brown and white mare. She gets a unique hair coat in winter that looks like she is dusted with snow. Lily is nervous and quite challenging to handle. She needs consistent work with someone who is gentle and experienced. She will come along quickly in the right environment. She is not quite halter broke. Lily is expected to mature in the 14 hh range.

Dotty:

Dam: Oakesmuir Eramosa; Sire: Pinto Pete. Foaled July 2008 Dotty is brown and white with lots of curls. She is very smart and further ahead of her sister. She is also halter broke, but does not like getting her feet trimmed or the vet. Dotty needs a job and will excel in the right home. She has lovely movement too. Dotty will hopefully make 15 hh. (She is already bigger than her sister) Both are registered. At this point I am open to offers from the right home - They deserve to have their own person who has time to spend with them.

Please contact Kara Burrows at karaloub@gmail.com for more information about Lily and Dotty.
